Nottingham Hospital

# GP lunch and learn programme

*Looking after you.*

Spire Nottingham Hospital is pleased to offer a free lunch and learn programme for local GP practices. One of our established consultants will visit your practice to provide an educational talk on a specialty or treatment of your choice and CPD certificates will be provided at all of our sessions.

A member of the Spire Nottingham Hospital team will also be present to provide a free lunch and will be available to answer any questions you may have about the hospital's services and referral process.

If you would like to book a consultant talk to be held at your surgery or if there is a specific topic you would like to know more about, please email GP Liaison Manager Katy Rose at [katy.rose@spirehealthcare.com](mailto:katy.rose@spirehealthcare.com) or call **07712 670 706**.
