# How to refer your patients

At Spire Parkway we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

## Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package\* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0121 704 5530**.

- 1 Use Spire Connect to upload the referral letter. Call **0121 704 5530** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

## Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0121 704 1451 opt 1** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

## NHS referrals

Spire Parkway Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedics and general surgery. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system.

## Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to [spireparkwayoutpatientbookings@spirehealthcare.com](mailto:spireparkwayoutpatientbookings@spirehealthcare.com)

# Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it\*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?
