Looking after you.

Looking after you.

Spire Edinburgh Hospitals is delighted to offer practice based education sessions, delivered by local consultants on a topic of your choice.

We can provide a wide range of educational sessions with our leading consultants at a time to suit you. These sessions are free of charge, can be virtual or face-to-face, and lunch can be provided upon request (face-to-face only). A CPD certificate will be given to all attendees after each session.

Why hold a lunch and learn event at your practice?

- Great opportunity to meet specialist consultants
- An opportunity to discuss updates within a specialty, with a focus on primary care
- Discuss current cases and get expert opinions and advice
- Receive a certificate of attendance for your Continuing Professional Development (CPD)

When can we provide this service?

We can schedule sessions around your practices training plans and days. The sessions are usually held over the lunchtime period, however if you have a more convenient time in mind, we are more than happy to accommodate.

For further information or to book a session please contact Rachel Avey on 0131 316 2504 or email gpscotland@spirehealthcare.com
