## About Spire Leicester Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

### It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

### Our consultants

Every consultant working at Spire Leicester Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

### Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

### All the facilities you'd expect and more

- Our 47 private rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- Chemotherapy daycase unit
- 23 consulting rooms
- 4 operating theatres
- Three outpatient procedure rooms
- Multiple outpatient testing and treatment rooms
- On-site CSSD – decontamination and sterilisation department
- Paediatric services for children from birth and surgery for children from twelve months
- Parent and child rooms
- Pharmacy

### Emergency admissions

Call **0116 265 3027** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

# How to refer your patients

At Spire Leicester we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

## Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral in most cases, although a letter is often preferred. We can provide a tailored fixed price inclusive care package\* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0116 265 3021**.

- 1 Use Spire Connect to upload the referral letter. Call **0116 265 3021** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

## Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0116 265 3685** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

## NHS referrals

Spire Leicester Hospital provides a range of elective surgical services on behalf of the NHS. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system.

## Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed to [spireleicesterdiagnosticimaging@spirehealthcare.com](mailto:spireleicesterdiagnosticimaging@spirehealthcare.com)

# Self-pay treatment

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **0116 265 3021**

Email: **info@spireleicester.com**

Our fixed price packages\* offer the following benefits:

- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Cataract surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Many ear nose and throat procedures
- Varicose vein treatment

\*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

## Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

**The hospital does not have an accident and emergency facility.**

# GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Leicester GP Education**'

All of our events are published on Eventbrite where you can book a place. Please note that these events are first come, first served so please book on as soon as possible.

To view our current events, please search '**Spire Leicester Eventbrite**' or visit:

# Lunch and learn

We offer a lunch and learn service for our local GP practices.

One of our consultants will host a lunchtime educational talk on a specialty or treatment of your choice. CPD points are available from these education sessions.

**Contact us to find out more.**

# GP support

Spire Leicester's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

## Primary Healthcare Relationship Manager

Our Primary Healthcare Relationship Manager is responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Leicester Hospital.

The Primary Healthcare Relationship Manager can be contacted on:

Email: [leicesterhospgpinfo@spirehealthcare.com](mailto:leicesterhospgpinfo@spirehealthcare.com)

## Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

### One-off private treatment at a fixed price\*

- Available for in-patient and day-case procedures, subject to patient pre-assessment.
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment.
- Treatment of complications\*

Patients can contact the team on:

Phone: **0116 265 3021**

Email: [info@spireleicester.com](mailto:info@spireleicester.com)

\*Spire Healthcare patient terms and conditions apply.

- Soft tissue release
- Spinal and peripheral manipulation and mobilisations
- Sports injury

---

Appointments: **0116 265 3035**

## Specialist clinics

- Audiometric hearing testing
- Dementia Screening
- One-stop abdominal pain
- One-stop breast

---

Appointments: **0116 265 3021**

# Directory listings

## A

### Allied Health Professionals

#### Miss Krupa Goyal

Adult and paediatric audiology. Sees children aged three and above.

#### Ms Sonal Patel

Adult and paediatric dietician. Sees children aged three months and above.

#### Mr Matthew Pilling

Adult micropigmentation and paediatric facial prosthetics. Sees children aged 12 and above.

## B

### Breast and oncoplastic surgery

#### Miss Monika Kaushik

Breast and oncoplastic, breast cancer, benign breast problems and one-stop breast clinic.

#### Mr Jaroslaw Krupa

Benign breast problems, investigations of breast symptoms, breast cancer and oncoplastic surgery, mastectomy, breast reconstruction, breast reduction, breast augmentation, breast lift (mastopexy) and cosmetic breast surgery.

#### Mr Simon Pilgrim

Breast and oncoplastic, breast cancer, benign breast problems and one-stop breast clinic.

#### Mr Walid Sasi

Breast and oncoplastic, breast cancer, benign breast problems and one-stop breast clinic.

## C

### Cardiology

#### Dr Rajesh Chelliah

General cardiology, echocardiography, atrial fibrillation, coronary artery disease, hypertension, stroke prevention and functional assessment of coronary disease.

#### Dr Shazia Hussain

General cardiology, arrhythmia, hypertension, valvular disease, coronary artery disease, coronary angiography and angioplasty.

#### Dr Jeffrey Khoo

General cardiology, cardiac imaging (advanced echo including TOE/stress echo and cardiac MRI).

#### Dr Bhavik Modi

General Cardiology, heart scans, chest pain, breathlessness, arrhythmia and palpitations, valvular heart disease, Ischaemic heart disease, heart failure, high cholesterol and hypertension.

#### Professor Ghulam Ng

General cardiology, arrhythmia management, cardiac electrophysiology and cardiac resynchronisation.

#### Dr Ravi Pathmanathan

General cardiology, arrhythmia and management of ischaemic heart disease.

#### Professor Sir Nilesh Samani

General adult cardiology, coronary artery disease, heart failure, hypertension, cardiac dysrhythmias and cardiovascular risk assessment.

#### Dr Alistar Sandilands

General cardiology, electrophysiology, atrial fibrillation and cardioversion, palpitations, arrhythmias, sudden cardiac death and cardiovascular genetics, syncope and blackouts.

#### Dr Riyaz Somani

Provides investigations and management of all areas of cardiology including palpitations, chest pain, blackouts and hypertension. Specialises in arrhythmias such as atrial fibrillation, SVT, atrial flutter providing cardiac imaging, cardioversion, catheter ablation and pacemaker/defibrillator insertion as well as caring for patients with cardiomyopathies and inherited cardiac conditions.

### Cosmetic surgery

#### Mr Graham Offer

Breast enlargement, breast reduction, breast uplift and revision surgery, male breast reduction, body lifts, prominent ear correction, fat grafting (lipofilling), facial, abdominoplasty, liposuction, rhinoplasty and blepharoplasty.

#### Mr Nakul Patel

Cosmetic surgery, non-surgical procedures, body, ears, eyes, face, breast surgery, cosmetic breast surgery, dermatological lasers, dermatological surgery, upper eyelids surgery, non-surgical cosmetic treatment, reconstructive surgery, skin cancer and soft tissue injuries.

#### Mr Matt Smith

Breast enlargement, reduction, uplift and revision surgery, abdominoplasty, liposuction, thigh and arm reduction, facelift, blepharoplasty and prominent ear correction, skin cancer, mole cyst and lump excision and non-surgical cosmetic procedures.

#### Mr Sanjay Varma

Cosmetic surgery, breast surgery, reconstruction, abdominal wall surgery, liposuction, male breast reduction, nipple correction, tummy tucks, hand surgery, split ear lobes, mole removal, surgery following weight loss, carpal tunnel and rhinoplasty.

#### Mr Ngi Yii

Mole, cyst, wart, skin cancer surgery, lesions and skin tag removal.

## D

### Dermatology

#### Dr Imtiaz Ahmed

Acne treatment, actinic keratosis, allergy testing, cryotherapy treatment, eczema treatment, hair loss (alopecia), hyperhidrosis (excessive sweating), photodynamic therapy (PDT), psoriasis, skin cancer (melanoma), skin lesion removal surgery, skin patch testing and skin tag removal.

#### Dr Karen Harman

Blistering disorders, vulval dermatoses, skin cancer and inflammatory skin disease.

#### Dr Ingrid Helbling

Inflammatory skin disease including eczema, psoriasis and acne, recurrent skin infections, skin cancer, skin surgery, vulval diseases, persistent itchy skin (pruritus), sun damage and freezing of skin lesions (cryosurgery).

#### Dr Graham Johnston

Contact dermatitis, patch testing, dermatology, allergy, dermatological surgery, inflammatory skin disease including eczema, psoriasis and acne, moles, skin cancer and cosmetic reactions.

#### Dr James Miller

Eczema and dermatitis, mole, cyst, wart and skin tag removal, psoriasis treatment, acne and treatment of malignant skin cancer.

#### Dr Manisha Panchal

Treatment for malignant skin cancer, cryotherapy, curettage and cautery of lesion, excision of lesion from head, neck, limbs and trunk inflammatory skin disease. Psoriasis, eczema, acne, rosacea, hidradenitis suppurativa, hair and nail disorder, punch biopsy of lesion or rash, shave excision, skin cancer and skin surgery.

### Dietician

#### Ms Sonal Patel

Regain weight following a spell of ill-health or as the result of a medical condition; are wanting or needing to lose weight; Bariatric Surgery patients; food allergy and intolerance; digestive problems e.g. IBS or Coeliac disease; diagnosed with a medical condition such as diabetes, high blood pressure, raised blood Lipids or cardiovascular disease.

## E

### ENT surgery

#### Mr Anil Banerjee

Otology, balance disorders, nasal obstruction, sinus disease, treatment of snoring, ear disease, nasal allergy, sleep apnoea, Bell's palsy and cholesteatoma.

#### Mr Peter Conboy

Head and neck cancers, salivary gland disease, thyroid disease, treatment of snoring, rhinology, laryngology, throat biopsy, biopsy of voice box and branchial cyst removal.

#### Professor Peter Rea

Vertigo and balance disorders, middle ear reconstruction, hearing loss, tinnitus, sinus disease including allergy, snoring, otology, pinnaplasty, vertigo, rhinology, nasal obstruction, cholesteatoma and Epley maneuver.

#### Mr Javed Uddin

Hearing loss, laryngology, otology, rhinology, sinus surgery, thyroid disease, voice disorders, head and neck oncology, lipoma, rhinoplasty and pinnaplasty.

#### Mr Theodoros Valsamakis

General ENT, nasal obstruction, sinus pathology, sinus surgery, nasal allergy, rhinoplasty (cosmetic & functional), pinnaplasty, sleep apnea/snoring, hearing loss, branchial cysts removal and vocal cord biopsy.

## G

### Gastroenterology

#### Dr Saeed Ahmed

Capsule endoscopy (pillcam), colonoscopy, flexible sigmoidoscopy and gastroscopy.

#### Dr Sudarshan Kadri

Barrett's oesophagus, reflux disease, gastric problems, early cancers, inflammatory bowel disease and pancreatic and biliary diseases.

#### Dr Sanjeev Pattni

General gastroenterology, bowel disease, colonoscopy, endoscopy, gastrointestinal cancer, gastrointestinal pathology, inflammatory bowel disease, irritable bowel syndrome, motility disorder and nutrition.

#### Dr Rekha Devajana Ramiah

Pilcam endoscopy.

#### Dr Richard Robinson

General gastroenterology, diagnostic and therapeutic endoscopy, motility disorder, inflammatory bowel disease, colonoscopy and reflux disease.

#### Dr Sejal Shah

Inflammatory bowel disease (Crohn's disease and ulcerative colitis), endoscopy (gastroscopy, flexible sigmoidoscopy and colonoscopy) and also looks after adult inpatients in nutrition. .

#### Dr James Stewart

Inflammatory bowel disease, nutrition, IBS, malnutrition, weight loss, Crohn's disease and ulcerative colitis.

## Dr Vishwaraj Vemala

General gastroenterology and hepatology, bowel disease, colonoscopy, endoscopy, gastrointestinal pathology, inflammatory bowel disease, liver disease, motility disorder, pancreatology and irritable bowel syndrome.

---

## General medicine

### Dr Miles Levy

Endocrinology, diabetes mellitus, pituitary disease, thyroid disease, parathyroid disease, obesity, osteoporosis, hypertension, growth hormone deficiency and adolescent endocrinology.

---

### Dr Paul McNally

Diabetes, endocrinology, hypertension, thyroid disease, Cushing's disease, testosterone replacement and erectile dysfunction.

---

### Dr Prashanth Patel

Metabolic medicine, osteoporosis, metabolic bone diseases, parathyroid, calcium disorders and cholesterol disorders.

---

## General surgery – colorectal

### Mr Sanjay Chaudhri

Laparoscopic and open bowel surgery for colorectal cancer, inflammatory bowel disease (Ulcerative Colitis and Crohn's disease) and diverticular disease. Surgery for haemorrhoids including THD/ HALO and laser haemorrhoidoplasty. Fistula in ano and pilonidal sinus surgery using Laser ablation and conventional surgery. Botox and laser therapy for fissure in ano. Perianal skin tags.

---

### Mr Chris Mann

Colorectal surgery, colonoscopy, laparoscopic surgery, hernia repair surgery, colorectal cancer, pilonidal sinus glue treatment, diverticulitis, fistulas, THD, colitis, sebaceous cyst, sigmoidoscopy, rectal bleeding and Crohn's disease.

---

### Mr Michael Norwood

Colorectal surgery, colonoscopy, laparoscopic surgery, hernia repair surgery, colorectal cancer, pilonidal sinus glue treatment, diverticulitis, fistulas, THD, colitis, sebaceous cyst, sigmoidoscopy, rectal bleeding, Crohn's disease and Rafaelo procedure.

---

### Mr Francois Runau

Colorectal surgery, laparoscopic and open inguinal and abdominal hernias, including abdominal wall reconstruction. Inflammatory bowel disease (Crohn's and Ulcerative Colitis), colorectal cancers, early rectal cancers, fistula-in-ano, haemorrhoids and pilonidal sinus (including laser treatment for these conditions) anal Fissures and perianal skin tags.

---

## General surgery – endocrinology

### Mr Atul Bagul

Transplant surgery, general and endocrine surgery. Thyroidectomy (benign and cancer), thyroid surgery and parathyroid surgery. Hernia repair, cholecystectomies, lumps and bumps.

---

## General surgery – hepatobiliary

### Mr Neil Bhardwaj

Hepatobiliary and pancreatic surgery, laparoscopic cholecystectomies, hernia repairs, laparoscopic surgery for gallstones, adrenal surgery, pancreatitis and removal of lipomas.

---

### Professor David Lloyd

Laparoscopic surgery for gallstones, hernia surgery, laparoscopic hernia surgery, groin pain surgery, sportsman's groin surgery, complex laparoscopic surgery, hepatobiliary surgery, liver cancer and pancreatic cancer, jaundice, endoscopy and appendix.

---

### Mr Deep Malde

Hepatobiliary and pancreatic surgery, laparoscopic cholecystectomy (keyhole surgery for gallstones), complex open and laparoscopic surgery for liver, pancreas and gallbladder cancers, endoscopic ultrasound, microwave ablation of liver cancers, radiofrequency ablation of pancreatic cancers, surgical management of advanced liver and pancreatic cancers and laparoscopic surgery for the spleen (splenectomy).

---

### Mr Gavin Robertson

Laparoscopic surgery for gallstones, hernia repairs, hepatobiliary (HPB) surgery, endoscopy, reflux surgery, liver, pancreatic and biliary cancers and benign disease, one-stop abdominal pain clinic and appendix.

---

## General surgery –upper GI

### Professor David Bowrey

General upper GI surgery, oesophago-gastric cancer, laparoscopic surgery, endoscopy, hernia repair surgery, reflux surgery, hiatus hernia, laparoscopic surgery for gallstones, weight loss surgery, lumps and bumps.

---

### Mr David Exon

General and Upper GI Surgery, laparoscopic anti-reflux surgery, fundoplication and hiatus hernia repair. weight loss surgery (bariatric surgery). laparoscopic surgery for gallstones (cholecystectomy). endoscopy, TNE, oesophago-gastric cancer, gastroparesis and hernia repair surgery.

---

### Mr Christopher Sutton

Upper GI surgery, laparoscopic surgery, endoscopy, hernia repair surgery, weight loss surgery, anti-reflux surgery, fundoplication, the LINX® System, EndoStim, appendix, lipoma and gastritis.

---

## Genetics

### Ms Vicki Kiesel

Genetic consultations, genetic counselling, cancer genetic testing, PGD counselling and familial risk assessment.

---

## Geriatrician

### Dr Kate O'Kelly

Manages patients with multiple health issues, falls, frailty, dementia and cognitive concerns.

---

## GP service

### Dr Edward Clode-Baker

General consultations for men, women and children, immigration, HGV, DVLA and pre-employment medical checks.

### Dr Phillip Green

General consultations for men, women and children, immigration, HGV, DVLA and pre-employment medical checks.

### Dr Louise Page

General consultations for men, women and children, immigration, smear tests and sexual health.

### Dr Rosemarie Richards

General consultations for men, women and children, immigration, smear tests and sexual health.

### Dr Philip Thomason

General consultations for men, women and children, immigration, HGV, DVLA and pre-employment medical checks.

## Gynaecology

### Mrs Rajeshwari Aravindan

General and emergency gynaecology, menstrual health problems, pelvic pain, urogynaecology, psychosexual gynaecology including PMS/PMDD, menopause, family planning advice and procedures, early pregnancy advice and scans (excluding fetal anomaly and nuchal thickness)

Procedures undertaken: hysteroscopy removal of Polyps, diagnostic and operative laparoscopy, Hysterectomy, surgeries for utero-vaginal prolapse (no mesh surgeries) including vaginal hysterectomy, coil insertion, colposcopy/vulvoscopy, treatment for ovarian cyst, removal of vulval lesion including labial corrective surgery.

### Miss Olivia Barney

Menstrual disorders, menopausal problems, reproductive health, laparoscopic surgery, hysterectomy, hysteroscopic procedures (Myosure, Novasure), vaginismus, sexual problems, prolapse, Polycystic Ovary Syndrome, prolapse and sterilisation.

### Mr Supratik Chattopadhyay

Ovarian, cervical, endometrial and vulval cancer, menorrhagia, menstrual disorders, endometriosis, colposcopy, laparoscopy, hysteroscopy, hysterectomy, fibroids, cysts, polyps and sterilisation.

### Miss Janine Elson

Early pregnancy loss, subfertility, reproductive endocrinology, gynaecological and early pregnancy ultrasound, recurrent miscarriage, hysteroscopic surgery including the Myosure procedure, laparoscopy and medical management of miscarriage.

### Mr Aemn Ismail

General gynaecology, all gynaecological cancers (diagnosis/treatment), complex gynaecological surgeries, minimal access surgery (laparoscopic and robotic) and minor procedures, including hysteroscopy and colposcopy.

### Dr Aneta Obloza

Female sterilisation, hysterectomy surgery, ovarian cyst removal, stress urinary incontinence (SUI), ultrasound scan, urodynamics and vaginal repair operation.

### Mrs Asmita Patwardhan

Benign gynaecology, menstrual disorders, polycystic ovaries, menopause, psychosexual gynaecology. Procedures performed: outpatient hysteroscopic procedures (Myosure), endometrial ablation, mirena coil, vulvar biopsies, cysts excision, laparoscopic surgery, ovarian cystectomy, hysterectomy open and laparoscopic and vaginal surgery.

### Miss Neelam Potdar

Infertility, endometriosis, chronic pelvic pain, heavy periods, fibroids, ovarian cysts, menopause, laparoscopic and hysteroscopic surgery (Myosure and Novasure), sterilisation, Polycystic Ovary Syndrome, sterilisation and hysterectomy.

### Ms Vishanthi Shesha

Ovarian, cervical, endometrial and vulval cancer screening. Intermenstrual, postcoital bleeding problems, vulval disorders, colposcopy, laparoscopic surgery, hysterectomy and hysteroscopy.

### Mr Roderick Teo

Gynaecology, prolapse, urogynaecology, pelvic floor, incontinence and urodynamics.

### Miss May Wahab

Gynaecology, colposcopy, menstrual disorders, prolapse, laparoscopy, coil, hysterectomy, hysteroscopy and Novasure.

## H

## Haematology

### Dr Mamta Garg

General haematology, myeloma, amyloidosis, myeloproliferative disorders and autoimmune haematological conditions.

### Dr Murray Martin

Acute and chronic leukaemias, myelodysplasia, bone marrow failure syndromes, myeloproliferative disorders, myeloma and lymphomas, bone marrow transplantation and general haematology.

## Hepatology

### Dr Vishwaraj Vemala

General gastroenterology and hepatology, bowel disease, colonoscopy, endoscopy, gastrointestinal pathology, inflammatory bowel disease, liver disease, motility disorder and pancreatology.

General ophthalmology, cataracts, glaucoma, blurred vision, iritis and dry eye syndrome.

---

#### Mr Vijay Savant

Cornea and external eye disease, cataract and refractive surgery.

---

## Oral and maxillofacial

### Mr Christopher Avery

Head and Neck benign disease, Oral and Maxillofacial surgery including wisdom teeth removal, surgical dental extractions, oral biopsies, removal jaw cysts and oral medicine. Salivary gland disease including parotid surgery. Facial trauma including orbital and jaw fractures.

### Ms Hazel Busby-Earle

Oral and maxillofacial surgery including jaw cyst removal and wisdom teeth removal. Trauma, soft tissue facial injuries, salivary gland disease and surgical dermatology (facial skin lesions).

### Mr Christopher Vinall

Surgical removal of impacted wisdom teeth, other dental extractions, enucleation of benign jaw cysts and oral medicine biopsy of oral soft tissue lesions.

## Orthopaedics

### Mr Nick Gallogly

Adult and paediatric orthotics, conservative management of complex foot and ankle pathologies, gait analysis and biomechanics assessments, bespoke footwear, conservative management of Leg length discrepancies, management of foot drop, orthotic management of stroke, MS, MND, orthotic management of Cerebral Palsy and protective helmets for epilepsy. Sees children from 0 and above.

## Orthopaedics – lower limb

### Mr Robert Ashford

Hip and knee replacements, knee arthroscopy, musculoskeletal tumour surgery, bone and soft tissue tumours and sarcomas, skeletal metastatic disease, cancerous lipoma.

### Mr Randeep Aujla

Sports knee and hip injuries/surgery, ligament reconstruction, meniscal repair, knee osteotomies, patella instability, cartilage regeneration, total and partial knee replacements, labral repair, hamstring injuries, contractures athlete care and paediatrics.

### Mr Maneesh Bhatia

Foot and ankle surgery, minimally invasive foot and ankle surgery, minimally invasive Achilles tendon repair, bunion surgery, plantar fasciitis, shock wave therapy, sports injuries, arthroscopic ankle repair, ankle replacement, Morton's neuroma, calf pain.

### Mr Amit Bishnoi

Knee and Hip Replacements, Partial Knee Replacements, Patellofemoral Replacements, assessment and treatment of problem knee replacements, complex knee replacements including revision surgery, knee arthroscopic surgeries (keyhole) including meniscal repair, ACL reconstruction, knee osteotomy, and joint injections.

### Mr Urjit Chatterji

Hip and knee replacements, knee arthroscopy, knee ligament surgery and soft tissue injuries.

### Mr John Davison

Hip replacement, knee replacement, knee arthroscopy, knee ligament surgery. Soft tissue injuries, hip dysplasia.

### Mr Nicholas Eastley

Hip and knee surgery including hip and knee replacements, musculoskeletal tumour surgery, benign and malignant bone and soft tissue tumours (including sarcomas/lipomas) and metastatic bone disease.

### Mr Colin Esler

Knee replacement (including unicompartmental and patellofemoral replacement). Corrective knee osteotomies and biological solutions to prevent the need for replacement. Sports knee injuries, arthroscopic knee surgery, meniscal repair and ACL reconstruction. Assessment and treatment of problem knee replacements. Total hip replacements.

### Mr Arijit Ghosh

Total knee replacement, partial knee replacement, ACL surgery, arthroscopic knee surgery (keyhole), knee injections, sports knee surgery, meniscal surgery, patellofemoral joint surgery, multiligament knee surgery, cartilage repair, knee osteotomy. Hip replacement surgery.

### Mr Steven Godsiff

Knee surgery, trauma and reconstruction, arthroscopy, minimally invasive knee surgery, acute sports ligament injuries.

### Mr Steffan Hutchings

Hip replacement, resurfacing and revision, knee replacement, knee arthroscopy, knee ligament surgery. Soft tissue injuries, joint injections.

### Mr Muhammad Korim

Hip replacement, knee replacement, unicompartmental replacement, osteotomy (partial) replacement, arthroscopy, meniscectomy of meniscus tear. Articular cartilage transplantation, joint injections, patella stabilisation, autologous chondrocyte implantation, soft tissue injuries, sports injuries.

### Mr Ashwin Kulkarni

Hip replacement, revision hip replacements, knee replacement, knee arthroscopy. Soft tissue injuries, sports injuries, osteoarthritis.

### Mr Jitendra Mangwani

All aspects of foot and ankle surgery, sports injuries of foot and ankle, arthroscopic ankle surgery including ankle fusion, total ankle replacement, claw toe, Morton's neuroma, bunions.

### Mr Subash Tandon

Knee surgery including replacement, unicompartmental replacement, patello femoral replacement, arthroscopy, ligament surgery. Sports injury relating to knees, soft tissue injuries, joint injections, osteoarthritis, trauma and reconstruction.

## Orthopaedics – spinal

### Mr Jason Braybrooke

Lower back pain, neck pain, spinal stenosis, sciatica, cervical myelopathy, spinal injections and vertebroplasty/kyphoplasty.

### Mr Sanjay Dhiran

Back pain, neck pain, spinal problems, discectomy and spinal decompression.

### Mr Omar Gabbar

Spinal surgery, lumbar spine disorders, cervical spine disorders, soft tissue injuries, trapped nerve, microdiscectomy, sacroiliac fusion and coccyx pain.

## Orthopaedics – upper limb

### Miss Alison Armstrong

Shoulder, elbow, wrist and upper limb surgery, hydrotension injections, hydrodistention and elbow arthroscopy.

### Professor Joseph Dias

Upper limb including hand, wrist, elbow and shoulder disorders. Shoulder surgery, rotator cuff repair, joint replacement in the hand, carpal tunnel and recurrent dislocation of elbow.

### Mr Aziz Haque

Shoulder and elbow surgery, shoulder reconstruction and stabilisation and of rotator cuff repair.

### Mr Kunal Kulkarni

Carpal and cubital tunnel syndrome surgery, Dupuytren's contracture, ganglion removal surgery, joint pain treatment (joint injections), hand and wrist joint fusion hand and wrist joint replacement (including thumb base arthroplasty), trapeziectomy trigger finger, wrist and hand trauma (fractures, tendon and nerve injuries) and wrist arthroscopy.

### Mr Amit Modi

Shoulder and elbow surgery including shoulder reconstruction, arthroscopy, resurfacing arthroplasty. Shoulder instability and rotator cuff.

### Mr Radhakant Pandey

Shoulder, elbow, hand and wrist surgery including shoulder replacement, stabilisation and rotator cuff repair, elbow arthroscopy and carpal tunnel.

### Mr Harvinder Singh

Hand, wrist, elbow and shoulder disorders. Shoulder (osteoarthritis, impingement syndrome, rotator cuff pathology and unstable shoulder), elbow (arthritis and instability) and hand and wrist disorders. Surgery includes shoulder arthroscopy, rotator cuff repair, shoulder stabilisation, carpal tunnel syndrome, Dupuytren's contracture and trigger finger release.

### Mr Aamer Ullah

Hand and wrist surgery including Dupuytren's contracture, ganglion removal, trigger finger release, finger replacement. Simple and complex injuries, scraping of tissue around bone and Raynaud's disease.

## P

## Paediatrics

See pages 20 – 23 for consultants who see paediatric patients

## Pain management

### Dr Piotr Buczkowski

Chronic pain, spinal (lower back and neck) pain, persisting pain after injury or surgery, neuropathic pain and complex regional pain syndrome.

### Dr Mahesh Kodivalasa

Management of chronic pain conditions including back pain, neck pain, joint pains, abdominal pain, pelvic pain, neuropathic pain, headaches, facial pain, chronic post-surgical pain, complex regional pain syndrome and widespread pain.

### Dr Bhavesh Raithatha

Chronic pain management, epidural injections, facet joint injections, injection treatment for chronic migraines, joint pain treatment (joint injections), neuralgia (nerve pain) treatment and pain management injections for back and facet joints.

### Dr Karim Shoukrey

Chronic pain, pelvic pain, spinal and joint pain and women's pelvic pain.

### Dr Thanthullu Vasu

Back pain, neck pain, fibromyalgia, abdominal pain, complex regional pain syndrome, post-surgical persistent pain, pain/fatigue in Long COVID syndrome, sciatica, neuropathic pain, botox for migraines and radiofrequency denervations.

## Psychology

### Dr Aftab Laher

Chronic pain, stress, anxiety, depression, occupational health, PTSD, work-related stress, cognitive behavioural treatment and CBT.

### Dr Geoffrey Thorley

Child and adolescent, autistic spectrum disorder, behavioural/emotional problems, depression, learning difficulties, dyslexia, Asperger syndrome and CBT.

### Dr Ahmed S Vanker

Psychological/neuropsychological assessments of neurodevelopment disorders and mental health problems across all age ranges. Treatments include CBT and clinical biofeedback. Specialised assessments of neurological disorders including memory problems, head injuries and dementia screening and Aspergers syndrome/autism.

### Dr Ameera Zumla

Anxiety, depression, stress, obsessive-compulsive disorder, self-esteem/confidence issues, coping and adjusting to health/medical conditions, pain management, adherence to medication and family issues/parenting issues.

## R

### Radiology

#### Dr William Adair

Vascular radiology.

#### Dr Rosemina Ahmad

Genitourinary radiology. CT, MRI, ultrasound and HSG.

#### Dr Miaad Al-Attar

Breast and one-stop breast clinic.

#### Dr Amrita Bajaj

Cardio-thoracic, MRI and CT.

#### Dr Daniel Barnes

Cardiothoracic radiology.

#### Dr Rajesh Bhatt

Musculoskeletal, MRI and CT.

#### Dr Aparna Deshpande

Cardiothoracic radiology.

#### Dr Mosheir Elabassy

Gastrointestinal Radiology and Liver Biopsy

#### Dr Sreemathi Hari Easwar

Neuroradiology, MRI and CT.

#### Dr Moinuddin Hoosein

Breast radiology.

#### Dr Kanagaratnam Jeyapalan

Orthopaedics, MRI, CT, MSK ultrasound and MR arthrogram.

#### Dr Neghal Kandiyil

CT, MRI and ultrasound.

#### Dr Richard Kenningham

Gastrointestinal, oncology and interventional oncology.

#### Dr Imran Khan

Musculoskeletal, MRI, CT.

#### Dr Vincent Lam

Head and neck imaging.

#### Dr Ajay Maliyakkal

Musculoskeletal, MRI and CT.

#### Prof Bruno Morgan

Head and neck imaging, oncology imaging, body CT and MRI imaging.

#### Prof Arumugam Rajesh

Gastrointestinal, genitourinary and oncological imaging.

#### Dr Praveen Rao

Cardiothoracic radiology.

#### Dr Winston Rennie

Musculoskeletal, MRI and CT.

#### Dr Amit Shah

Musculoskeletal, MRI and CT.

#### Dr Vikas Shah

Non invasive radiology, urological radiology, ultrasound, MRI, CT and gastrointestinal radiology.

#### Dr William Topping

Oncological imaging.

#### Dr Ramachandran Vaidhyanath

Head and neck imaging.

#### Dr Menno Van Waddingen

Neuroradiology.

#### Dr Ratan Verma

Gastrointestinal radiology.

### Respiratory medicine

#### Dr Fasihul Khan

Asthma, COPD, emphysema breathlessness, cough, wheeze, recurrent chest infections, bronchiectasis, TB, pneumonia, interstitial lung disease, sarcoidosis, lung cancer and obstructive sleep apnoea.

#### Dr Neil Martin

Asthma, severe asthma, exercise asthma and exercise related breathlessness in athletes, occupational asthma, respiratory aspects of diving medicine, chronic cough and general respiratory issues.

#### Dr Rakesh Panchal

Asthma, COPD, cough, breathlessness, pleural effusion, pneumothorax, pulmonary fibrosis, sarcoidosis, bronchiectasis, obstructive sleep apnoea, lung cancer, emphysema, recurrent chest infections, abnormal chest x-ray/CT scans, bronchoscopy and EBUS.

#### Professor Ian Pavord

Asthma, chronic cough, chronic pulmonary disease, lung cancer and lung disease.

### Rheumatology

#### Dr Maumer Durrani

Inflammatory arthritis, back pain, connective tissue disease, Raynaud's disease, Fibromyalgia and osteoarthritis.

#### Dr James Francis

Inflammatory arthritis, soft tissue, rheumatism, osteoporosis, metabolic bone disease and back pain.

#### Dr Waji Hassan

Inflammatory arthritis, neck and back pain, soft tissue rheumatism, gout and chronic fatigue syndrome.

#### Dr Arumugam Moorthy

General rheumatology, musculo-skeletal ultrasound, ultrasound guided joint injections and ankylosing spondylitis.

### Dr Veena Patel

Autoimmune conditions such as rheumatoid arthritis, psoriatic arthritis, inflammatory back pain, soft tissue rheumatism, connective tissue diseases, metabolic bone disorders, osteoporosis, muscle disorders, polymyalgia rheumatic, gout and osteoarthritis.

### Dr Ash Samanta

Back/neck/shoulder pain, soft tissue rheumatism, lumbar and cervical disc prolapse, lupus that affects joints, osteoarthritis, sciatica, sports injuries and gout.

## S

### Sports and exercise medicine

#### Dr Kalpesh Parmar

Sports and exercise medicine and PRP injections.

#### Dr Harj Singh

Sports and exercise medicine, including arthroamid injections.

## T

### Thoracic

#### Mr Apostolos Nakas

Lung cancer, mesothelioma, general thoracic surgery, benign conditions of the lung, the pleura and chest wall, pectus deformities and non-united rib fractures.

#### Mr Sridhar Rathinam

General thoracic surgery, thoracic oncology and minimally invasive Nuss.

## U

### Urology

#### Mr Benjamin Jackson

Benign prostate diseases, bladder cancer, kidney cancer, urological cancers, prostate cancer, standard TURP, partial nephrectomy, erectile dysfunction and frenuloplasty.

#### Professor Masood Khan

Laser prostate surgery (Thulium Laser Enucleation of Prostate; ThuLEP), minimally invasive cancer surgery, endoscopic stone surgery, vasectomy, erectile dysfunction, kidney stones, testes implant, orchidectomy, penoscrotal surgery and SpaceOAR.

#### Professor John Mellon

General urology including BPH and prostate cancer. LUTS (lower urinary tract symptoms), blood in urine, bladder cancer, renal cancer, TURP, vasectomy, circumcision, hydrocele repair and removal of epididymal cysts.

### Mr Jaskarn Rai

Female urology, functional urology, reconstructive and andrology, incontinence, erectile dysfunction, prostate surgery, penoscrotal surgery and urodynamics.

### Mr Duncan Summerton

General Urology, including prostate disorders, surgical andrology and reconstruction including erectile dysfunction, Peyronie's disease and urethral stricture disease. Vasectomy and vasectomy reversal and penile implant.

## V

### Vascular surgery

#### Mr Robert Davies

Varicose vein surgery, radio frequency ablation, EndoVenous laser therapy (EVLT), foam sclerotherapy, thoracic outlet syndrome, cervical rib, paget-schroetter, subclavian vein thrombosis, popliteal aneurysm, popliteal entrapment syndrome, cystic adventitial disease, leg ulcers, leg pain, tired legs and cramps, claudication, diabetes foot ulceration, leg bypass surgery, limb salvage, aortic aneurysm and stroke prevention.

#### Mr Mark McCarthy

Varicose veins, carotid artery disease, claudication, thoracic outlet syndrome and hyperhidrosis and facial flushing, ETS and pelvic vein embolisation.

#### Mr Gregory McMahan

Varicose veins, thread veins, leg ulceration, claudication, aortic aneurysms and carotid artery disease.

#### Mr Harjeet Rayt

Vascular surgery, thread veins, carotid disease/embolism, varicose veins, claudication, thoracic outlet disease, vascular malformations and peripheral arterial disease.

#### Mr Tryfon Vainas

Vascular surgery, thread veins, carotid disease/embolism, stroke prevention and peripheral vascular disease.

## W

### Womens health

#### Miss Samina Malik

Menopause, perimenopause and PMS, mirena IUS, endometrial biopsy, estradiol implants as out patient procedure, general gynaecology, hysteroscopy, Myosure, Novasure, laparoscopy, ovarian cystectomy and hysterectomy.

# Paediatrics

## Allied Health Professionals

### Miss Krupa Goyal

Adult and paediatric audiology. Sees children aged three and above.

### Miss Sonal Patel

Adult and paediatric dietician. Sees children aged three months and above.

### Mr Matthew Pilling

Paediatric facial prosthetics. Sees children aged 12 and above.

## Cardiology

### Dr Riyaz Somani

Sees children aged 16-17. Provides investigations and management of all areas of cardiology including palpitations, chest pain, blackouts and hypertension. Specialises in arrhythmias such as atrial fibrillation, SVT, atrial flutter providing cardiac imaging, cardioversion, catheter ablation and pacemaker/defibrillator insertion as well as caring for patients with cardiomyopathies and inherited cardiac conditions.

## Cosmetic surgery

### Mr Nakul Patel

Cosmetic surgery for children including moles, cysts, lipomas, pinnaplasty (prominent ear correction), scar revisions, breast asymmetry, gynaecomastia.

### Mr Matt Smith

Plastic surgery for children aged 3 and above.

## Dermatology

### Dr Karen Harman

Eczema and dermatitis, mole/cyst/wart/skin-tag removal, psoriasis treatment, acne and treatment for malignant skin cancer.

### Dr Ingrid Helbling

All inflammatory skin diseases in children and adults, including eczema, psoriasis, acne, skin infections, itchy skin and vulval diseases. Sun damage, freezing of skin lesions (cryosurgery), moles and skin cancer.

### Dr Graham Johnston

Sees children aged 12 and above. Dermatology, eczema, psoriasis, acne, allergic dermatitis, patch testing, skin cancer, moles, dermoscopy and cryotherapy.

### Dr James Miller

Eczema and dermatitis, mole/cyst/wart/skin-tag removal, psoriasis treatment, acne and treatment for malignant skin cancer.

## Dietitian

### Ms Sonal Patel

Sees paediatric patients who need support with: any disease related malnutrition/ weight loss; gastro/ digestive problems e.g. Coeliac disease; food allergy and intolerances; weight management; fussy eating; altered eating.

## ENT surgery

### Mr Anil Banerjee

General paediatric ENT, otology, rhinology, allergy, balance and grommets. Sees children aged one and above.

### Mr Peter Conboy

Paediatric ENT, tongue tie and grommets.

### Professor Peter Rea

Vertigo and balance disorders, middle ear reconstruction, hearing loss, tinnitus, sinus disease including allergy, snoring, otology, pinnaplasty, division of tongue tie in infants in clinic, rhinology, nasal obstruction, cholesteatoma and Epley manoeuvre.

### Mr Javed Uddin

Paediatric ENT, otorhinolaryngologist, head, neck and thyroid.

### Mr Theodoros Valsamakis

General paediatric ENT, pinnaplasty, nasal allergy, nasal discharge, tongue tie, tonsils, adenoids, glue ear, grommets, snoring / sleep apnea and branchial cysts removal. Sees children from day 1.

## Gastroenterology

### Dr Hemant Bhavsar

Paediatric gastroenterology, inflammatory bowel disease, coeliac disease, endoscopy and colonoscopy.

### Dr Rajiv Mohan

Sees children aged 5-18 years old. Recurrent abdominal pain, constipation, long-standing diarrhoea, gastro-oesophageal reflux disease, food intolerance with special expertise in inflammatory bowel diseases, coeliac disease, eosinophilic oesophagitis, gastritis, gastrointestinal dysmotility and nutrition.

## GP service

### Dr Edward Clode-Baker

General consultations for children.

### Dr Phillip Green

General consultations for children.

### Dr Louise Page

General consultations for children.

### Dr Phillip Thomason

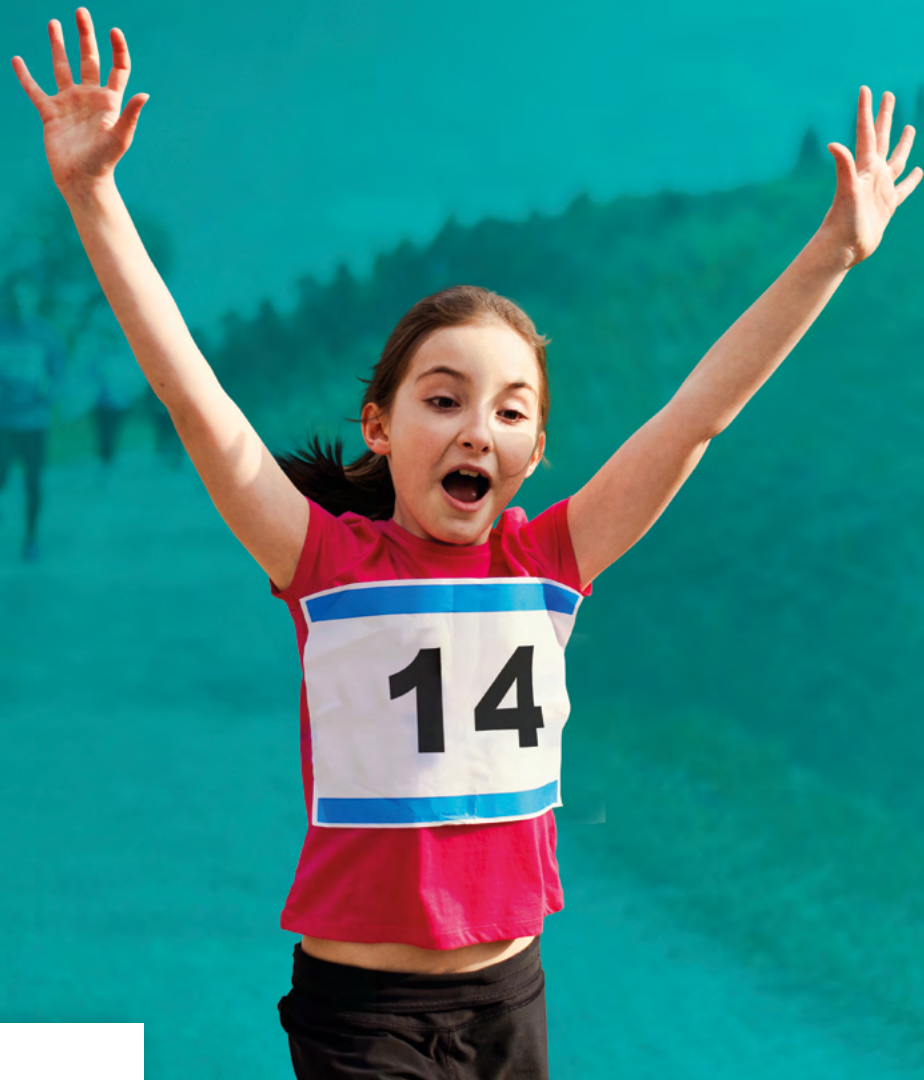

General consultations for children.

Spire

Leicester Hospital

# Specialist children's services

When a child is unwell, everyone wants them to get better quickly.

That's why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

**Services include:**

- Allergy investigations
- Audiology
- Bariatrics
- Dermatology
- Ear, nose and throat (ENT)
- General paediatrics
- Maxillofacial
- Orthopaedics
- Orthotics
- Paediatric general surgery
- Pain
- Plastics and cosmetic surgery
- Urology

**Book to see an expert today**

*Looking after you.*

## Gynaecology

### Miss Janine Elson

Sees children with gynaecology concerns from birth.

### Miss Asmita Patwardhan

Sees children with gynaecology concerns from birth to 18 years old.

### Miss Neelam Potdar

Sees children with gynaecology concerns from 11 to 18 years of age.

## Neurology

### Dr Nahin Hussain

Paediatric neurology, epilepsy, headaches, movement disorder, neuromuscular disorder, multiple sclerosis, strokes and paediatric medicine.

## Oral and maxillofacial

### Ms Hazel Busby-Earle

Oral and maxillofacial surgery for children aged one and above.

## Orthopaedics – lower limb

### Professor Robert Ashford

Hip and knee replacements, musculoskeletal tumour surgery, bone and soft tissue tumours and sarcomas, skeletal metastatic disease, musculoskeletal lumps, lipoma.

### Mr Maneesh Bhatia

Sees children aged 8 and above for foot and ankle surgery.

### Mr Urjit Chatterji

Sees children aged 12 and above for hip and knee surgery including knee ligament surgery and soft tissue injuries.

### Mr Colin Esler

Sees children aged 11 and above for knee surgery and sports injuries.

### Mr Arijit Ghosh

Sees children aged 12 and above for all paediatric knee conditions, sports knee injuries, ligament surgery, realignment surgery and cartilage surgery.

### Mr Steven Godsiff

Sees children aged 16 and above for knee surgery.

### Mr Radhakant Pandey

Sees children aged 10 and above for knee, hip, elbow, foot, ankle and sports injuries.

### Mr Assad Qureshi

Paediatric orthopaedics, upper and lower limb. Hip dysplasia, painful feet in children, club foot and gait issues.

### Mr Subash Tandon

Sees children aged 10 and above for orthopaedic surgery, management of arthritic knees in young adults, children and adolescent knee injuries and sports injury.

### Mr Randeep Aujla

Knee and hip issues affecting children from aged 6 and above.

## Orthopaedics – spinal

### Mr Jason Braybrooke

Sees children aged 12 and above. Spinal.

## Orthopaedics – upper limb

### Miss Alison Armstrong

Shoulder, elbow and hand surgery.

### Mr Aamer Ullah

Orthopaedic surgery, hand and wrist surgery.

## Orthotics

### Mr Nick Gallogly

Adult and paediatric orthotics, conservative management of complex foot and ankle pathologies, gait analysis and biomechanics assessments, bespoke footwear, conservative management of Leg length discrepancies, management of foot drop, orthotic management of stroke, MS, MND, orthotic management of Cerebral Palsy and protective helmets for epilepsy.

## Paediatricians

### Dr James Greening

Paediatric endocrinology, Type 1 and 2 diabetes and insulin pumps, growth related problems, puberty (early or late), bone disorders, thyroid and glucose related problems.

### Dr Sophia Mooncey

Consultant Community Paediatrician, developmental, preterm follow up, behaviour problems, eg ADHD and autism, feeding difficulties, cerebral palsy and eating disorders.

### Dr Abraham Neduvamkunnil

Asthma, wheeze, allergy, coughs and recurrent infections, eczema and skin problems, growth, feeding disorders and food intolerance, headaches, fits, epilepsy, development and neurological problems, nutrition, weaning, constipation, diarrhoea, reflux, abdominal pain, sleep problems, psychological issues, urine infections and bedwetting.

### Dr Sanjiv Nichani

Sees children from birth to 16 years old for general paediatrics, paediatric dermatology, paediatric allergy and asthma.

## Pain management

### Dr Thanthullu Vasu

Sees children aged 3 and above for back pain, neck pain, chronic pain.

---

## Psychiatry

### Hon Professor Dr Lina Gatsou

Child and adolescent psychiatry, personality disorders, attachment disorders, gender identity disorders, psychosomatic/liaison psychiatry and wellbeing.

---

## Psychology

### Dr Geoffrey Thorley

Sees children aged 5 and above for child and adolescent, autistic spectrum disorder, behavioural/emotional problems, depression and learning difficulties.

---

### Dr Ahmed Vanker

Sees children aged 7 and above for psychological/neuropsychological assessments of neurodevelopment disorders and mental health problems. Treatments include CBT and Clinical.

---

### Dr Ameera Zumla

Psychological assessments for children and adolescents for psychological difficulties: anxiety, depression, stress, OCD, self-esteem issues, coping and adjusting to health conditions, pain management. Adherence to medication, behavioural problems, family parenting issues and feeding/eating issues.

---

## Radiology

### Dr Raj Bhatt

Sees children aged 10 and above. Paediatric musculoskeletal radiology.

---

### Dr Mosheir Elabassy

Sees children aged 16 years and above. Paediatric gastrointestinal radiology.

---

### Dr Winston Rennie

Sees children aged 9 and above. Paediatric musculoskeletal radiology.

---

### Dr Amit Shah

Sees children aged 12 and above. Paediatric musculoskeletal radiology.

---

### Dr Ahmed Sharaf

Consultant paediatric radiologist .

---

## Respiratory

### Dr Neil Martin

Sees children aged 12 and above for respiratory medicine.

---

## Rheumatology

### Dr Maumer Durrani

Sees children aged 17 and above for rheumatoid medicine.

---

### Dr Waji Hassan

Sees children aged 16 years and above for early arthritis, rheumatoid and psoriatic arthritis. Low back pain and neck pain. Connective tissue disorders, inflammatory arthritis, neck and back pain, soft tissue rheumatism and gout.

---

## Sports and exercise medicine

### Dr Kal Parmar

Sees children aged 12 and above for sports and musculoskeletal related injury and illness.

---

### Dr Harjinder Singh

Sees children aged 16 and above for sports and musculoskeletal related injury and illness.

---

## Urology

### Mr Ashok Rajimwale

Circumcision, hydrocele, hernia, varicocele, bladder problems, bed wetting, hypospadias, urinary incontinence and undescended testicles.

---

Spire

Leicester Hospital

# Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it\*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

\*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

*Looking after you.*
