There isn't a better place to look after my patients. The setup, the efficiency, the measures in place to keep them safe (the food) and the amazing people who make it all happen.

Mr Amit Shah – Orthopaedic Consultant at Spire Fylde Coast Hospital

About Spire Fylde Coast Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Fylde Coast Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our 27 en-suite bedrooms for overnight stays are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system. We also have 11 day case bays

In addition to our private rooms, we offer:

- 10 consulting rooms
- Three operating theatres, including two laminar flow theatres
- Outpatient procedure room
- On-site CSSD
- Decontamination and sterilisation department
- On-site pharmacy which is open from 8.30am to 4.30pm
- Quality assurance
- CPA accredited pathology service
- CQC registered
- On site X-ray, MRI, CT and ultrasound imaging
- Physio and sports therapy department
- Dementia friendly hospital

Emergency admissions

Call **01253 308 061** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Fylde Coast we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01253 308 031**.

- 1 Use Spire Connect to upload the referral letter. Call **07522 228 475** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01253 308 031** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Fylde Coast Hospital provides a range of elective surgical services on behalf of the NHS, including joint replacement and hernia surgery. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system (<https://www.ebs.ncrs.nhs.uk/>).

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to spire.fyldeppletters@nhs.net

Self pay advice

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01253 308 031**

Email: **info@spirefyldecoast.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Fylde Coast Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Carmen Parkinson on **07522 228 475** or at carmen.parkinson@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Fylde Coast GP Education**'

Call our Primary Healthcare Relationship Manager Carmen Parkinson on **07522 228 475**

Email us at carmen.parkinson@spirehealthcare.com

GP support

Spire Fylde Coast's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Managers

Our Primary Healthcare Relationship Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Fylde Coast Hospital.

[Please contact Carmen Parkinson:](#)

Mr Gautum Talawadekar

Speciality area: shoulder/elbow, knee and hand/wrist. Shoulder: shoulder arthroscopy – subacromial decompressions, biceps tendon tenotomy tenodesis, AC joint debridement, Latarjet procedure, instability repair, frozen shoulder release, shoulder replacements – hemiarthroplasty, anatomical and reverse shoulder replacements, shoulder/girdle trauma – clavicle fracture fixations for acute fractures and non-unions, proximal humeral fracture fixations, glenoid fracture fixations, CC ligament reconstruction, tight rope fixations for AC joint dislocation, open operations – stabilisations, cuff repair, proximal biceps tendon tenodesis. Elbow: arthroscopy – stiff elbow release, tennis elbow release, joint clearance for arthritis, arthroplasty – hemiarthroplasty, radial head replacement, complex elbow trauma, soft tissue procedures – ligament reconstruction, tennis elbow release, golfers elbow release, platelet rich plasma injections, nerve releases, distal biceps tendon rupture repair. Hand/wrist: trapeziectomy for arthritis at base of thumb, carpal tunnel release, trigger finger release, pyrocarbon replacements, arthroplasty – small joints of hand, wrist, wrist fusion and arthroscopy, Dupuytren's disease fasciectomy, trauma – wrist fractures, hand fractures, ligament injuries. Ultrasound guided injections (steroid, local anaesthetic and durolane) to shoulder/elbow and wrist and hand.

NHS trust base: University Hospitals of Morecambe Bay NHS Foundation Trust

Clinic times: Fri am/pm (NHS and private patients)

Mr Fizan Younis

Speciality area: hand/wrist. Subspecialty interests are: Carpal tunnel syndrome, trigger finger, Dupuytren's contracture treatment, ganglion surgery, hand and wrist injuries, ulnar nerve entrapment, hand and wrist arthritis, wrist arthroscopy, finger joint replacement, hand and wrist fractures, Dequervain's tenosynovitis.

NHS trust base: East Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: Thu am (NHS and private patients)

Mr Aamir Zubairy

Speciality area: knee and foot/ankle. Bunion removal and treatment, epidural injections, ganglion removal surgery, hip arthroscopy, ingrown toenail surgery, joint manipulation treatment, joint pain treatment (joint injections), knee arthroscopy surgery, knee ligament surgery, ESWT, PRP injection. Special interest in adult foot and ankle disorders, this includes ankle ligament and sports injuries, turf toe, bunion, stiff toe, heel pain among others.

NHS trust base: East Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: Alt Tue am, alt Thu am (private patients only)

P

Pain management

Dr Graham Johnson

Back pain, joint injections, neuropathic pain, post surgical pain.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: Thu am (private patients only)

R

Radiology

Dr Subhasis Basu

Musculoskeletal imaging, cross-sectional imaging, ultrasound scanning including US guided injections.

NHS trust base: Wrightington, Wigan and Leigh NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Pei Gee Chew

specialises in cardiology and cardiac MRI scan (heart MRI).

NHS trust base: Blackpool Teaching Hospitals NHS foundation trust

Clinic times: By appointment only (private patients only)

Dr Linda Hacking

Women's imaging (gynaecology), nuclear medicine, general radiology, including CT and MRI.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr David Hodgson

Abdominal, musculoskeletal.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Bangalore Thimmappa Sanjeev Kumar

Cardiothoracic and general radiologist.

NHS trust base: Northern Care Alliance NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Chee Kheng Liew

General radiology, chest radiology, cardiac imaging (CT/MRI).

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Voon Hoi Lo Ying Ping

Cross-sectional chest and musculoskeletal.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Sachin Mathur

Head and neck, neuroradiology.

NHS trust base: Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Wael Mati

Musculoskeletal imaging, cross-sectional imaging, ultrasound scanning including US guided injections.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Haren Varia

Abdominal imaging with special interest in hepatobiliary and small bowel imaging. Oncological imaging and nuclear medicine.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Dr Carol Wallace

General radiology, cross-sectional imaging (CT/MRI), uro-radiology, abdominal and pelvic ultrasound including gynaecological/transvaginal scanning.

NHS trust base: University Hospitals of Morecambe Bay NHS Foundation Trust

Clinic times: By appointment only (private patients only)

Respiratory medicine

Dr Mohammed Paracha

All aspects of respiratory medicine including asthma/COPD, chronic cough, asbestosis, pulmonary fibrosis etc. Assessment and treatment of all sleep related disorders including obstructive sleep apnoea, narcolepsy, restless legs syndrome, excessive daytime sleepiness and parasomnias. Member of the American Academy of Sleep Medicine and The British Sleep Society. Director of Sleep Service, Blackpool Victoria Hospital.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: Tue eve (private patients only)

S

Spinal surgery

Mr Alex Baker

Spinal surgery, spinal deformity surgery, slipped discs, trapped nerves, sciatica, back pain, neck pain, cervical disc replacement.

NHS trust base: Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: Alt Tue pm (NHS and private patients)

Mr Kaushik Ghosh

Complex spinal conditions and Neuro-oncology, degenerative spinal deformities, intradural spinal tumours and transthoracic surgery.

NHS trust base: Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: Alt Mon pm (NHS and private patients)

Mr Manoj Khatri

Cervical spine disorders, lower back pain, microdiscectomy, spinal fractures, spinal tumour reconstruction, surgery for lumbar canal stenosis.

NHS trust base: Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: Mon am/pm (NHS and private patients)

Ms Mukta Vadva

Spinal surgery.

NHS trust base: Lancashire Teaching Hospitals NHS Foundation Trust

Clinic times: Alt Tue pm (NHS and private patients)

U

Urology

Mr Jawad Islam

All aspects of urology, particularly kidney stones and prostate, kidney, bladder cancers. Penile, scrotal surgery, including prostate and bladder problems and erectile dysfunction.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: Mon pm (NHS and private patients)

Mr Ziauddin Khan

Bladder investigations (cystoscopy), bladder lesion removal, cancer tests, circumcision, incontinence, endometrial ablation surgery, kidney stones treatment, kidney X-ray (retrograde pyelogram), liver and kidney tests, urodynamics, vasectomy, vasectomy reversal.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: Thu am (NHS and private patients)

Mr Mazhar Sheikh

Diagnosing and management of kidney stones (including laser treatments and Lithotripsy), male urinary/prostate problems (BPH treatments including TURP), female urinary symptoms, bladder dysfunction assessment (including frequency, urgency, incontinence) and treatment, urological cancer (prostate cancer, bladder cancer, kidney cancer and testicular cancer), assessment and management of conditions causing blood in the urine (one stop haematuria clinic), urinary tract infections in both male and female patients, erectile/sexual dysfunction and male infertility, Inguino and peno-scrotal surgery (circumcision, vasectomy, epididymal cysts, hydrocele repair, etc).

NHS trust base: University Hospitals of Morecambe Bay NHS Foundation Trust

Clinic times: change to Fri am (private patients only)

Mr Iraj Zeynali

Management and treatment of varicose veins with minimally invasive technique (keyhole surgery), sclerotherapy and vein wave treatment of spider veins. Treatment of venous disease and leg ulceration, the management of major arterial diseases including aortic aneurysms and aortic occlusive disease, carotid artery disease, peripheral vascular disease and the prevention of strokes. Treatment of hyperhidrosis including botox injections.

NHS trust base: Blackpool Teaching Hospitals NHS Foundation Trust

Clinic times: Change to Mon pm and Alt Fri pm

Spire

Fylde Coast Hospital

Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

Looking after you.
